Approved by the Program Committee Meeting on February 8, 2025

一、生物與永續科技、特用作物及代謝體、植物保健及國際精準農企業發展學位學程(以下簡稱本學程)為鼓勵本校大學部優秀學生在本學程就讀碩士班，並期達到五年內取得學士及碩士學位，特訂定本細則。

1. The Master's Degree Program in Biological and Sustainable Technology, Specialty Crops and Metabolomics, Plant Health Care, and International Precision Agribusiness Development (hereinafter referred to as "the Program") is established to encourage outstanding undergraduate students of this university to pursue a master's degree in this program, to obtain both bachelor's and master's degrees within five years. Therefore, these regulations are specifically formulated.

2. Third-year students at this university who have completed five semesters of study with excellent academic performance and conduct may apply to become a preparatory graduate student (hereinafter referred to as "pre-graduate student") in the master's degree program of this program.

三、申請日期：每年 7 月 15 日前向學程辦公室提出申請。

3. Application Deadline: Applications must be submitted to the program office before July 15th of each year.

四、申請者經本學程入學與畢業事務審查委員會甄選通過者，即取得本學程預研究生資格。

2. 預研究生於大學期間所修之本校碩士班課程，其成績達 70 分以上者經本系認可，皆可計入本學程碩士班畢業學分內。
3. 碩士班課程若已計入大學部畢業學分數內，不得再申請抵免碩士班學分數。

5. Eligibility for Review:

1. Applicants must submit the preparatory graduate student application form, a transcript, two letters of recommendation from professors, research achievements, a research proposal, and other supporting materials. The department will announce the approved list.

3. If the graduate courses have already been counted toward the undergraduate graduation credits, they cannot be used to apply for credit exemption for the master's program.

六、預研究生必須於第八學期（含）之前取得學士學位，否則喪失預研究生資格。
